The Message of the Great Ones

ON Wednesday, February 20th, 1963, Ra-Men-Ra gave forth a special appeal, and since it was so important to the world at large, I felt it was my duty to bring it forward and place my signature as the first towards the new theme of thought, and could start the real purpose of Aquarius coming into birth. And there could not be a more appropriate time than the coming Vernal Festival.

"PEACE BE UNTO YOU ALL."

Once again I come to help you and guide you, but also to bring to the Earth the vibrations of Spirit that the Higher Law may enter into the lower law, and man feel the embracement of Truth and the vibration of Peace. It can only be by the Spirit entering into the depths that life can be renewed. But I know that man today finds that very difficult to understand; nay the majority would not accept, yet it is the only way that man will live and survive.

If he chooses any other path, then he will have to come to a very severe reckoning, for the law is the law, and it will not stand for its Face to be made bloody. Therefore all must play their part, particularly those of you who have the understanding of this knowledge. So now I seek of each one of you, who will, to help me earth the Word, and in so doing, I will help you to find the Oil and the depths in the words that you seek into.

This will be the only way that man will find his evolution; taking the Word and absorbing the Oil, and by so doing I can help you to awaken and come out of your captivity, and so prepare yourselves to become free subjects. Much lies within your own hands, for you have chosen your own path. You do not just come and listen to me out of curiosity, but have chosen a path, and you find you cannot turn back, for you have set the law operating around yourself, apart from within.

You making any attempt to go back on yourself will have a dire effect in a way that you will not find very comfortable. I am only giving you this because you cannot go back on the LAW once you start to go forward. Put your foot on the path, and on that path you must go. It is no good suddenly realising you have made a mistake and want to change, but must go forward with courage and understanding. Although you may not see what lies ahead, or what is round the corner, just go forward; that is, the man who has courage, for that is the man that grows. That is the man that becomes, and this is what I want to help you with tonight, apart from a very special message which I bring to you regarding the depths of the LAW.

The work of this School is to teach the God wisdom to counteract the evil of ages, thus lift up by mode of example the Generation of life.

The only way new life can come is by the solar light permeating the earth in its pure beauty, but since this comes via all planetary phenomena, the evils of Saturn and Neptune, so badly diverted over the Ages, must be reorientated into their right channel of God-Wealth.

Potential Man, being formed from Mind, and Mind only, could not become with and through the animal creation, otherwise incest would result, of which it has done. So there is only one solution, the discarding of the animal kingdom, and man taking his rightful place as the son of God.

By a race of sincere believers in this truth rising up and upraising the Word, and unfolding it onto the higher planes of mind conception, the Christos becomes raised up and the darkness of ignorance devoured by the spreading Word. This cannot help but grow and lift up into light, for the solar light as Christos manifestation would now be upon that plane of entry:

**"When I am lifted up I
draw all men unto me."**

All through the Ages homosexuality, the curse of Poseidon and Saturn, has been the downfall of every Nation; Phoenicia, Babylonia, Egypt, Judea, Greece and Rome. Are the Islands of Britannicus, who were destined for such great things and have only taught of a dead God upon a cross, to follow? NO!

Because the School of Universal Philosophy are teaching and proving of the true method of generation; Wisdom manipulated into mind wealth through the God-Seed being directed into its right channel of mind unfoldment.

Man is only Mind; until, only animal-mind. This is the purpose of this School, to upraise the planes of the world by "When one or two are gathered together I am in thy midst"; thus must automatically infect all men.

This is the law, and what was meant by the Jews at the judgement of Iesus. It is not what he is saying, but the influence he is having, unseen. Being doctors of law they understood this truth of the law only too well. Yet did he not declare, "Think that I am come to destroy the law or the prophets? I am not come to destroy, but to fulfil."

He too taught celibacy and true marriage of life, consanguinity of the blood species. Why does man uphold on one hand and deny on the other; and turn to Thalidomide to find the answer? The only antidote to this is the revolving Chakras that drive away the evil Asuras, while the generation "waters" up into mind creation. Wisdom taught by Egypt when they perceived of the gods Shu and Tefnut, with Shu the Kneeler breathing in and out, sending life up to the heights. Without this the world will people a mindless race, which will be unsafe for women and children to live in.

Signing of the Book

I CALL to every one who will, to join us by pure thought of marriage generation or celibate living, that the thought and purpose can spread against homosexuality, the evil of the race. As generation began by Marriage, it will continue until man can accept otherwise, but it will come as raw meat has changed to cooked and vegetarian diet over the ages.

This is the message of the Great Ones to all who are willing to help and forward this truth, for the Neptunian waters are now pouring down in abundance, and if there are not one or two gathered together to fight this scourge, it will overrun the world and pygmy men and women will once again come into birth with hooved feet. It only needs one or two of you gathered together fighting it with all your heart and truth. And while those inside in this School who are sealed, as they are now, and fighting with this purpose and purified thought of the highest plane, we can, altogether, hold it at bay.

Coming into this Temple are the pure Neptunian waters; so I want all of you who are willing by thought and ideal to do so with us. I suggest that you get a book, one that is well prepared, that those who are willing to put their names to the joining of this throng, to do so as a purpose of thought. This will give all a purpose to strive for and us to use.

But do remember, you may have been as red as scarlet, but by your effort you can become as white as snow.

Glady's J. Shearman - Book.

The above appeal was published in the Occult Gazette in April, 1963 and evoked world-wide interest. On 27th October, 1963 at the close of the Sunday evening Lecture Ra-Men-Ra signed the Book which had been especially designed and created. It is 12" x 10" in goatskin hide

died deep violet containing 200 leaves of goatskin parchment. The back was tooled in gold and on the front heavily embossed in gold was placed the Crest of the School and its name. The full Text of the Message is hand printed with coloured illustrations in the front of the Book.

The Call of the Free

Printed below is part of the Editorial of
April, 1963

IN The **BOOK** of the **SEALED** the same beliefs and principles of everyday conduct that the Essenes carried out over the ages are once again the established beliefs and practices of a community, but this time no longer secret or hidden.

Universal Philosophy accepts the cyclic growth of all Life according to the **LAWS** set into operation by the first action. The saying, so well known to every schoolboy, that *'Every action has an equal and opposite re-action'* has a far more dynamic and far-reaching application in the worlds of Manifestation than present man understands. Man is the carrier of a Spark Divine and he must learn to understand that in order to enable IT to remain in the free and active state of its Spirit vibrancy certain means of conduct in manifestation must be adhered to otherwise certain effects will come into operation according to the Laws of Cause and Effect.

Man at the present moment completely ignores the proffered hand offered to him by the Cosmic or Spirit Forces. Instead diabolic machines invade and spread the deadness of matter into the realms of Cosmic Ether cutting off the Inflow of Spirit and thus thereby extend the area influence, radiations, and thickness, of the physical density.

Man, the scientist and technician is more and more turning towards the knowledge of textbook and matter and not at any time recognising the need or even the presence of the Spirit Powers at his finger tips. It is man's constant reliance on his logical and dissecting brain power—which is NOT the power of MIND but the power of animal action of awareness—which is causing a state of generation within his own being, not naturally but unnaturally,—incestuously.

Thus this is HOMOSEXUALITY the mixing together of the bare knowledge within his own self. Knowledge merely generating with knowledge and no fresh Powers of Life and Breath coming down from the Cosmic Forces to sustain and blend in understanding with the knowledge already gained. Unless man accepts as a basic understanding that he must call down the Powers of Spirit to constantly lead as a little child, so that he can understand what it is that he is learning, there will be no true generation of Life

at all. Man will just go on blindly and incestuously mixing the knowledge within himself and bringing forth of more and more drugs, feeding the lands with more and more very dangerous chemicals, flooding the water we drink with fluoride, until he finds that he has exhausted and sucked dry every atom of spirit and magnetic power of Nature.

His conduct of generating knowledge and belief of his own powers within himself will lead inevitably to the literal belief and action of homosexuality and the further terrible crime of bestiality, the action of man and beast. What is not known and accepted by 90% of the western world is how strong the forces of Evil—for this force is evil as it is destroying the life God-seed of the Sperm—are at present. No one is teaching the importance to live and breathe by the powers of Spirit in action. Religion of all creeds is merely repeating or in some cases chanting in frenzied monotones their textbooks and writings without having the slightest understanding of what the **ESOTERIC** meaning behind their Sacred Scriptures really means in practical human living.

In the message of the BOOK of the SEALED Ra-Men-Ra brings forth clearly the ways of practical living. Celibacy and Diet by strict abstinence and control and the using of the God-Seed of generative fluid as a force to generate Higher mind action. Man must learn how by hard trial and error, flagellation and discipline, to raise his mind vibrations within himself so that TRUE Method of generation can take place, the mixing to-gether of the forces of the Spirit Heights with the now sensitised nature powers of matter that are in our bodies. By our discarding of the animal not only by our ways of eating and living but much more importantly by our ways of generation man will lift his physical matter into new realms and vibrations until the time comes when he will by strength of example become a Living Channel for the forces of Spirit Powers to flow down into matter to refresh the parched Desert.

This is the message so often asserted in the **OCCULT GAZETTE** and now established in a living community as a brotherhood of olden times. To our many students, readers and friends all over the world this message is extended. To each and to all is the Call sent forth, the Call of the Free. The School has arranged that all who wish to sign the Book but are unable to travel to London, England, can sign a printed copy of the Message so that their name may be entered into the Book by proxy.

OCCULT GAZETTE

TRUTH THROUGH UNIVERSAL EYES

Presents the Teachings of

Universal Philosophy

THIS pamphlet has been prepared by the publishers of the OCCULT GAZETTE, the School of Universal Philosophy & Healing, of 6, Phillimore Place, Kensington, London, W.8., England. The School was founded in 1946 by Gladys I. Spearman-Cook, who has been the Instrument through whom the Teachings have been received. In 1960 she was commanded to publish the OCCULT GAZETTE as the monthly organ of Universal Philosophy. Its universal understanding of Truth and its practical modern application answers every seeker's need. Universal Philosophy is not merely a new understanding based on Ancient Wisdom, but a living vibrant Way of Life, continuous, ever Evolving. Its Teachings are only deep to those caught in the imprisonment of old mental conceptions, orthodox viewpoints, and intellectual barriers.

The purpose of Universal Philosophy is to awaken the soul to its spiritual destiny, that it can become an active participant in the working, and unfolding, of the Cosmos. This the Teachings do by bringing forth the Ancient Wisdom in its modern understanding, and gradually leading the soul through the basic Teachings into the deeper mysteries of Life, and finally into the super-mysteries of Outer Space. When the soul can reach this stage of unfoldment he will become born of the Pure Atomic Ethers and become freed from the magnetic pull of earth density. Thus he will be consciously drawing down the Powers of Spirit into his physical body, that he can become a living example of the Word made flesh. With the Spirit Tissue freely flowing through and into Matter, continually creating the Solar Light of MIND, the MAN.

Gladys I. Spearman-Cook, the Principal of the School, has given the whole of her life to the Higher Powers, that they could use her as a Cosmic Scapegoat, to bring dynamic changes to the Earth. Through her struggles she has now brought the Atomic Fires of the Fatherhood into active creation in the depths, as the unfolding Divine MIND of the Central Sun. These Atomic Fires will bring sweeping changes upon the Earth, and it is essential that mankind follow in the Path of the Teacher, that at such a critical time in world history, they can play their parts in this Great Plan of Cosmic Rebirth.

HERBALISM is the oldest healing art in the world. Its history can be traced back through the civilisations of Rome, Greece, Assyria and Babylon, and even beyond. Herbs are foods as well as medicines, and build up the general health at the same time as they cure any specific disease. Unlike drugs, which are inert, they are made from organic material instead of inorganic substances, and form an active or living medicine.

Here at the School we have a large quantity of loose herbs in stock, which normally will readily provide for all our requirements. However, we have listed below some of our more popular herbal pills, specially prepared for those who find them more convenient to take in this form, during the hustle and bustle of their daily occupation.

Nerve Pills.

Heart Pills.

Catarrh & Sinus Pills.

Eye Pills (Cataract etc.).

Laxative Pills.

Garlic Pills. (Blood, chest).

Bronchial Pills.

(not available in U.S.A.).

Blood Cleansing Pills.

Tonic Pills.

Kidney Pills.

Womb & Stomach Cleansers.

Anti-Obesity Pills.

Buchu Pills. (Bladder, sinus).

Kelp Tablets. (Thyroid).

FOR those readers who are genuinely seeking of Spiritual advancement, Mrs. Spearman-Cook is prepared to give delineations of their horoscopes, as her time allows. These will be based upon the new world teachings, and is a unique opportunity for all to perceive the extent of their growth, where their karmic difficulties lie, and where their opportunities are waiting to blossom forth; apart from giving the understanding of how and where karmic roots, impossible akashic records, rear up out of the darkness of the soul's multiplicity.

Price in England and abroad £7.7.0.

Price in U.S.A. and Canada \$25.00.

IMPORTANT. Please note that all delineations will be by Tape Recording only on 5½" reels track one or 4" reels track 1 and 2 at 3½ in/sec.

TRUTH THROUGH UNIVERSAL EYES

Presents the Teachings of UNIVERSAL PHILOSOPHY

This Pamphlet has been prepared by the publishers of the OCCULT GAZETTE, The School of Universal Philosophy & Healing, of 6 Phillimore Place, London, W.8., England. The School was founded in 1946 by Mrs. Gladys I. Spearman-Cook, who has been the Instrument through whom the Teachings have been delivered by the Spiritual Teacher RA-MEN-RA. In 1960 she was commanded to publish the OCCULT GAZETTE as the monthly organ of Universal Philosophy. Its Teachings are eagerly received by people all over the world, of every race, creed and language, as can easily be proved by their letters each month in the Gazette. Its universal understanding of Truth and its practical modern application answers every seeker's need. On the back page are listed Lectures delivered during the years 1949 to 1965, some of the immense wisdom earthed through her, and it is by these that readers will be able to carry out the injunction of her Teachers,

"Judge her by her Works."

UNIVERSAL PHILOSOPHY IS NOT MERELY A NEW understanding based on ancient wisdom but a living vibrant Way of Life, continuous, ever Evolving. It is to help those new to the Teachings that this pamphlet has been written so that an understanding of them may be gained, but it is not meant to be final nor conclusive, but merely a guide for others to find a greater comprehension of Universal Truth.

THE Cyclic growth of Man, as Mind, and Woman, as Matter, is primarily accepted as a Cosmic Evolution with the multitude of the microcosmic human minds as being the cells of the whole. This basic belief, called by some as Reincarnation when in the Earth, necessitates each man being equally responsible as an equal representative of the God-head with each as an essential unit to unite the Cosmic Energies, the Stellar Rays, with the Nature Life of Earth, so as to build a Mind Awareness as a state of Intelligence. So it would enable there to be a report to the Central Godhead so that out of the Unknown there would come forth of the LAWS of how this intermixing is done. Until there is some willing worker to test and try this interblending, its laws are unknown and "darkness is on the face of the deep."

Man the MIND—the hu-man is the humus or ground man growth or minute reflection of Man the Mind—is the united whole of all the Stellar Forces or Cosmic Rays, the Proton Life, that enter and energise the Earth's sphere, the Neutrons or Woman. In order to present this into an understandable and simple conception the Ancients, or Shepherd Kings, divided and taught of the 12 Great Constellations, or groups

of Stars, whose energies flow and feed the Nature growth with life power. These are the 12 Great Zodiac Constellations, the Hierarchies.

To present this simply and scientifically the whole 12 are diagrammatically envisioned into a circle of 360° degrees each of the 12 being of 30° segments called Signs each of which is subdivided into 10 degree sections called Decans. Each of these Decans has a special

Constellation group as a ruler and thus there are Twelve Great Constellations as the 12 Thrones and the 36 lesser Constellations as stages of unfoldment.

It is accepted through the study and interpretation of Astronomy, and Astro-physics its daughter, that the Cosmic Energies that persistently bombard Matter are not only the Feeders of Earth but the essential Feeders of Man the Mind, as well as therefore the hu-man. This Hu-man stage of growth has to learn to channel and become the working uniter of these Forces. The Way and How of doing this has been known throughout the Ages as the mystical science of Alchemy, the Search for the Holy Grail, the Philosopher's Stone. This is the building too of the mystic heat, which becomes the Kundalini Fire, and eventually the Solar Flame.

Universal Philosophy's whole Purpose is to teach how this is done and how each individual hu-man spark—speck though he be—must play his essential part in the creation of Man the Mind through being prepared to learn of "man know thyself" through building his own mind awareness out of his brain multiplicity.

THIS is the reason why Universal Philosophy is based FIRST on the working knowledge and Truths of these Cosmic Energies ever since the earliest stage of the genus Man; these are the Laws of Astronomy and Astro-physics, as they should be taught. ITS SECOND limb is the knowing and living of the Energy Interflow of these Powers through the hu-man agency,—the Science of Alchemy, as heralded through the ancient teachings of Medicine. THE THIRD limb of Universal Philosophy is the Science of Astrology, the wisdom of this amalgamation of the Cosmic Energies with the Nature Forces, the how and the why of their working as seen over the Past Ages, as well as the present and future Centuries. This IS the WORD which is ever as the silent Witness to guide and direct man, and MAN in the throes of darkness.

Universal Philosophy is the Science of Life: its Teachings are only deep to those in the depths caught in the imprisonment of old mental conceptions, orthodox viewpoints and intellectual barriers. If a state of free mind enquiry can be obtained then there can be built up a free Unit of Mind, culminating in the unfettered uniting of these Cosmic Energies and Nature Forces, the Father and the Mother, Spirit and Matter, Proton and Neutron, so as to conceive and produce Mind, the Electron, their SON or SUN, the Divine ATOM.

To know of the past Ages is also to know of each individual man's growth. To study it individually and collectively

enables each man to gain not only a knowledge of the past causes which have led to the present effects but to have the powers to build and direct the present causes into future effects and thereby evolve. So it is, therefore, that Universal Philosophy's first great limb teaches of the past wisdom, interpreting it from the True Light of the LAWS, that have formed from this Stellar-Nature growth; the Science of Astronomy.

In every new Age or Equinox there commences a fresh Inflow of Cosmic Rays to help release the Stellar energy powers previously centred and absorbed by the Nature life so as to return these Cosmic Particles to the source from whence they came, now garlanded with the Awareness impregnated into it by Man via the hu-man growth. These are all part of the Cosmic Grand Man, the Proton Radiance, held prisoner within the Earth by Woman's wiles, the Neutrons. In order for them to be released the hu-man must be taught a new understanding of his present problems.

This is why Universal Philosophy teaches Celibacy, still a misconceived and misinterpreted truth. This is not cranky isolationism but a greater conception of union, the carrying out of the Original Duty, the Cosmic Marriage, the interblending of Man the Mind with Woman the Earth, the sole purpose of the creation of the genus Man.

Whilst the hu-man, the mind-animal, is uniting in a sexual animal state he is not unifying the Cosmic Energies with Earth as a Mind growth. Instead he merely multiplies and adds unto the growth of the human intellectual mind and heavily weights it with added analyses until so many particles are obtained the very mass number destroys the powers of Creative Energy with which each man is endowed, his Life Seed. Through the male and female genders, the personality existences as sensible life, all that the hu-man growth does is to build and increase the mass roots of feelings and sensations until they become so enormous that the Stellar Forces are lost and isolated in the animalism of the hu-man, and Man the Mind disappears.

Universal Philosophy teaches that this personal gender state of growth was the much talked of FALL by all religions, philosophies, myths and legends. So it is that the Cosmic Marriage or Interblending of the Nature Feminine forces with the Cosmic Masculine Energies necessitates a denial of this continual generation of feelings and sensations, the subjugation and volatilisation of the physical 6 senses, the marriage spoken of by religion and the Celibacy taught by Universal Philosophy.

THIS introduces the reader to the practical daily working of Universal Philosophy, that of Alchemy. Man's physical body is the miracle product and outcome of the 7 sensory planes, via interblending of the Cosmos and Nature. Its working parts and its functions are entirely shrouded by animal materialism. These link with the Seven Planetary Lords which rule the 12 Signs.

Aesculapius the historical Father of Medicine was the greatest teacher of Alchemy the hu-man growth has ever known. It is this second limb or branch of Universal Philosophy that carries an urgent Message. Each person must learn how to work his own machine, and how to keep it in the best condition, especially to-day when the animal hu-man's sensationalism and materialism has led to drugs and chemicals, that not only putrefy, poison and paralyse the Earth and its natural functions, but also the hu-man's inner bodies of the inner sensory planes. So it is that so many of the Universal Philosophy's Teachings give of practical medical advice not as from the medical fraternity, who are merely textbook students, but from the MIND. It is here in this second limb is taught the vital necessity to recognise each man as a sacred unit, each responsible for drawing down and directing the Stellar Powers into mind by uniting them with the nature powers. This is known as the Starry Spheres entering into the Lunar growth to produce the Solar Mind, the Cosmic MAN.

Since the beginning of Time there have been many who have evolved from the animal-nature growth via the man into Mind, thus releasing the Stellar Energies and creating a Cosmic MIND. This MIND, built out of the released Stellar Energies by those who mastered the sensory magnetic pull of animalism, is ever directing and helping the presently held Stellar particles to become released and reunited with their Source. These are the Spheres of the Masters, whose joint Voice is the natural "God" to whom the genus man looks for guidance and direction. It is these Forces that are the Planes

of Spirit that all Teachers of Every Age endeavour to tap so that the Voice can re-enter the Earth's Sphere to revivify and direct the Imprisoned Stellar particles. This they can only do through some agency on Earth so that therefore it necessitates that such a channel must be a Master of the 7 Planes so that they can be sufficiently attuned to receive of the Masters Voice, the Solar MIND, the Buddhahood or Christos. Then there is issued forth the Logos or Word from the Stars, ASTRO-LOGOS.

The Science of Astrology enables the laws of relativity to be seen clearly. As the Equinoxes precess so at each New Age the roots of the polarity Equinox are unearthed and these have to be faced understood and mastered. By knowing of the mistakes of the past Equinoxes the future can be mapped and traced and the whys and wherefores of the present understood.

All this can be taught through the Wisdom of the Stars and is the third limb of Universal Philosophy that will enable each hu-man to trace and meet his own psychological ingrowth. By the Wisdom, the Word, the Voice of those Masters can teach of the past Ages with clarity and Truth. The Birth of the Solar Lord, the Sun, is the Creative Fire which power caused the creation mass-mould of Cosmos and Nature, the humus-man, to get out of control and turn into the animalism which eventually bred the density and solidity of the Earth's present structure.

The Sacredness of Mind, the Sun or Solar Energies, as the outcome of the union of Earth and Cosmos, is the cardinal point of Universal Philosophy. The Present day man must through Celibacy and sensory Control learn to consciously draw down the Stellar Energies, the Spirit, into his physical body so that he can become a living example of the Word made flesh, the Spirit Tissue freely flowing through and into Matter, and continually creating the Light of MIND, the MAN.

This, the Teachings of Universal Philosophy enable all to do.

The years beside the Lecture titles were the years they were delivered.

THE INTRODUCTORY LECTURES help to awaken the investigator who has never delved into Occult or mystical works and give invaluable aid to bring a new mind attunement and vitality. They sow the seed in the seeker.

THE ELEMENTARY LECTURES take seven subjects to form a basis of man's task to befit himself in mind and body to study the main course of Ra-Men-Ra's Teachings.

THE EVOLUTION SERIES are seven in number. The five main series, illustrated through the unfoldment of History show how man has, within his own blood heritage, the treacheries and loyalties, the marvels and mysteries, the evils and good of his forefathers: his entangled mind web woven over the Ages. The 6th Evolution Series for the first time enter into the mysteries of man's ancient past, and his physical and spiritual make-up, teaching of ancient Egypt and their mysteries, of Alchemy and Mysticism. The Seventh series introduces man's relationship not only to Earth and its elements but to the Cosmic Resources, its Powers and Forces.

THE SECRET DOCTRINE comprises 12 Series, the 12th being The Lore of Astrology. The individual headings classify generally the subjects taken, but in all, the Thread of Universal understanding is maintained.

THE MYSTERY LEGENDS OF THE BIBLE magnificently reveal the human as well as the Cosmic unfoldment of Mankind, explaining especially of the gradual greater interpenetration of the Cosmic Powers into the Earth. Stage by stage it is shown how the human evolution came raised up from the animalism into which the Spirit had involved, and how as a result MIND became created, to eventually build into the establishment of the Christos Enlightenment. This series explains the growth of Cosmic Evolution through the Equinoctial Ages.

THE SAGA OF TIME traces how struggling animal humanity gradually responded to the interpenetration of the Cosmic Powers, and how in different Ages man reacted to the Fiery Intake. With great genius each stage of the psychological entanglements and roots is explained, to reveal the cause of the modern mental effects. They trace the past mistakes so that present humanity will know how to build the future.

BIRTH OF THE FLAME OF THE MIND

The New Christos Embodiment

revealed by

*The Great Eagle, the Lord Maitreya
through Gladys I. Spearman-Cook*

(This wisdom was revealed at the Sanctuary of the School of Universal Philosophy and Healing, 6 Phillimore Place, Kensington, London, W.8. on 6th July, 1966, when a dramatic announcement was made by The Great Eagle, the Lord Maitreya, which is set out in the following pages. Editor).

GREAT DIVINE SPIRIT

A *GA*IN we gather together, but again at a very critical time when it is the Birth of The Christ, the birth within every man; for **EVERY MAN IS A CHRIST UNTO HIMSELF**. This is the great moment when man has to learn of what the Christ really is, and in learning, putting it into operation. Help us to understand this more clearly, for as we become awakened will we be those who are going to learn to raise the Christ up out of the darkness, out of the tomb that the clergy at the present moment are forcing Him into by their evil thoughts and their dark ways; to raise Him up as the true Flame of the Mind and give Him the True Birth. And this we seek in the name of **LOVE** and **SERVICE**. **AMEN**.

PEACE BE UNTO YOU ALL

O **NCE AGAIN THE HOSTS ARE TAKING OVER THE STANCE OF THE INSTRUMENT WHILE WE BRING INTO BIRTH THE CHRISTOS LIFE WITHIN HER OWN BEING.**

We want to try and help you considerably, but again I have to ask you all for help; for remember, she is giving birth; giving birth out of the tomb. She is raising up the 'first Christ within man himself', although the **CHRISTOS** is born and is the Great Central Sun, the **GREAT FLAME OF ALL LIFE**. He must be born in man, and every man is a Christ unto himself and must give birth to his own Christos. Fiery depths, that they become the 'flame of his mind.' This is what I want to talk to you about and give you the depth of understanding, so that you now know which way to turn to build up the Holy City. But you must give me all your power, that I can try and use an Instrument that is struggling to wrestle with the 'rolling away of the stone of the tomb,' that the great Heights can be reached.

Now **THE LORD MAITREYA** will take over.

The New Birth

MANY have tried to bring their beliefs of the birth; many have painted all sorts of pictures. This is Botticelli's, which is a very beautiful picture showing the birth in the Heavens and then the birth in the depths, by Mary. (See plate A).

Now the birth as you see there up in the Heavens, is exactly as Merope put into birth. She drove the Arc right up to the Heights in the same way as David, with Saul the beast everlastingly chasing him. So has Merope been chased by the beast, her own son, as she rose the Arc right up to the Heights.

Merope knew that unless she completely fixed the Heights and the depths, she would always be against opposition by those who would try to get above her. But being the type of woman she is, although she knew she was going to take a mighty caning, a terrible caning, she said, "No! I will fix

these Heavens and they will be equal to my Fount, and no man will rise above me."

She knew, when she did this, that she would lose her legs, though she never fully consciously understood it. She subconsciously knew she would lose her legs, for she would not be able to stand up to the extension which was demanded of her legs: that was the difficulty. She knew she would have to fill in between those depths and Heights once she made the skeleton; and she did. So no man can touch it; the Law is fixed.

The Lord Maitreya was put up on the Heights as the Great Lord of The Flame. But her biggest difficulty now was in building up that Creation in the depths. By the time she reached this period, others were "stealing her thunder". This is what Billy Graham has stolen; he stole her thunder; stole it on the old lunar states.

Many others are stealing it, apart from the fact, as you are fully aware, that she is

feeding from the axis of her spine the Government of England that there can be a prototype to the World, and she has not failed. She is feeding it well, but nobody understands. Now she has got to become the 'Pied Piper of Hamelin and lead everybody out of the degradation of the old ideas.

And she has got to try and establish in the mind of every man that his 'fires', his passions, are the Christ; his fires in the depths are the powers that are there being poured into him from the new Solar Inflow, from the Ultra-sonic Powers that are now pervading the depths. And every man is a Christ unto himself and must raise those 'fires' up, that they become the Flame of the Mind, the raised up Glories of his Christos birth, that the Presence manifests in his auric creation.

Your 'dead sea scrolls' are telling you that there never was a physical Christ; never. This

is a creation built up by the Catholics and used to hold over the people; and it has been a mighty weapon, causing a great amount of fear, a great amount of anguish and horror.

Now the Truth is born, soon man will begin to realise that the great Solar Light that is radiating over the Earth as brilliant as it is, is the glorified Rays of the raised up Begotten Son of the Heavens, the Great Intelligencia of the Mind of the Heavenly Birth. Now man has got to build up the same thing, and he has got to determine as an empirical unfoldment the way in which he intends doing it.

The Unified Fires

MEROPÉ now is writing her dissertation upon what she believes she must do to raise up that Christos Fire within herself; that she honours, and raises it in adoration to the Heights in the perception that opens up in her sensitivity; that she offers up aspiration to the Heights, that she is prepared to make sacrifices upon the Altar of Love, so as she can be born of that Christos Light, because it awakens in her mind as her rising passions, the Glories of His Heavenly Being.

This can only come to the soul who seeks for it; it will not come to the man who is not looking; it will not come to the man who is content with the beast. It will only come to the man who is seeking for that Heavenly Light. That is not righteous, and it is not religious.

It is FACT and TRUTH that is now flowing to the Earth from the Galactical Field that is pouring into man all the Mighty Wealth of All the Ages; all the Glories created by him and now the Wealth of the Earth. Man does not realise how well off he is in the Mighty Solar Field that is now radiating in all Its Glory around the

Heavens and around the mind of man.

He is sitting amongst this Wealth eating dung, and rolling his own 'fires' in the dung. But all the planes have been lifted up; they have all been rolled into a state of One-ness. Man can have all the multiplicity he likes, but it is not there. There is no multiplicity any more; and you don't look into all the old sciences, all the old creations.

Everything has been rolled into one-ness, and it now is Atma-Buddhi-Manas. One-ness of the Buddha, of the mind. Man has got everything right in the point and the palm of his hand. What he has to do, is start creating a new City which is the Rose in the Centre of the Vase.

(See the diagram)

Now there is a Vase, and it is an Egyptian one. On the left-hand side you see the old ideas, and on the right is the present-day; and there is the 'Equal' across the top as the Fount and the Heights. What has been built up in between is the Unification of the Planes; the one Rose on top which we shall grow in our re-building of the Vase, is the one Rose that holds the whole gamut of time. That is the new City;

that is the one-ness that is receiving and drawing down to itself all the Ultrasonic Rays.

Do not have any doubts about these Ultrasonic Rays. You want to ask one of the Group about them. They are killing. They are Rays that once they start entering into you, leave you writhing in pain.

Nothing can defy these Fires. They are the Fires of the Universe. They are the Fires containing the whole Wealth of Life, and as both the Instrument and David have found out, they have nothing whatever to do with the physical, for they both find that at the end of the stress of the day, if they send out in mighty Prayer that they can be bathed in the Waters of the Heavens, they come back completely rejuvenated. I know this, because I am there to see that it is done.

Nothing on Earth can help man now; no drugs, no food or anything else. So you can live on water quite easily, particularly water and fruit. In fact the more you do this the less pain you are going to have when these Ultra-sonic Rays begin to interpenetrate you.

Now every man is going to fight it; every man is going to be interpenetrated by them; every man is going to be cleansed by them. The whole World has completely changed and mighty changes are going to take place. I warned you that they were going to take place, and they are taking place. And if you notice, your Prime Minister's attitude is exactly as the pattern set by the Instrument, straight to the point. He says what he thinks in the same way as she does. Neither of them are afraid of libel, or otherwise.

A fact is a fact, a truth is a truth, and it has got to be put into operation. And this is only the beginning of what is going to take place, and many are going to be 'stripped' of all their artificiality.

Old Ideas

NOW I am going to show you how they struggled in the past to put into operation what they believed was the Christ. You see, it has only been man's theory, man's ideas of what he believed was the Christ. No one has ever seen Him.

Here you see how somebody struggled to put the Christ into operation, and here you see the agonies they were going through as they struggled to try and bring the Christ into birth; but invariably they got broken at the knees. (See plate B).

By this one, it looks as if he went mental. Many did go mental in trying to do it. (See plate C).

Now this was somebody's idea of the Instrument. They suddenly saw it while on top of a bus; so they got off the bus and painted this. (See plate D).

Here was the idea of the young painter that was here. She was told to paint the new Christ from the Heights to the depths, and here was her theory. (See plate E).

So you can see how people have struggled through the Ages to try and bring into birth their idea of Christ. The picture you had over your Altar was painted by one who took twenty years to do it, and then died. It is said that invariably when they paint a picture of the Christ, they do so, and die.

As you are aware, the one who was here painted the Face of the Christ, and then she met her death violently. There was no need for her to meet it violently, but she was opposing the Law she had set into operation. She had been commissioned to do this, and she was flouting what she had established. She was going to carry out the lowest of unions, but was never allowed to do it. And so she is attached to this Temple, having to work out her labours on the Astral planes. Now she is having to learn

through the Wisdom that is being taught in here.

There is nothing to stop any on the Astral planes standing around and listening, and then they will be able to raise themselves up. But you are certainly not going to move the Catholics: they are fixed, as you are aware, until the end of the World; then they are all going to come into birth again! (So they think, anyway).

The New Laws

NOW I want you to ask me questions about this, I want this to be thoroughly established. I want every man to realise that the Christ is in him, as his own passionate powers; his powers now as his fiery depths. And every one of you, old and young, will find that with the inflowing Fires of the Ultra-sonic, these fires will be stirred; not in the light that you might expect, but they will become stirred, ready to dance Le Ros up your sensitivity, as you find new frequency and raise your beliefs up to the Heights.

That is why the Word must still go out in abundance. It is the Word that is going to help man to understand.

This is the work of the 'Pied Piper', who is sending out all they have that man can be awakened by the Word. This has taken a big toll of this Temple, because there are so few workers. It needed workers in abundance to help do the Task; instead of that, they saw the 'red light' and walked out.

Now July, August and September is the Harvest. Every man is going to reap, in this three months, and more than he has ever done before, only what he has a right to. I want you all to note this very clearly. So don't get disturbed if you find things are falling on you very heavily.

After all, the queen cannot upset herself because she had a brick fall on her car. She

only got back what she asked for. So nobody is going to get more than they have a right to. So don't have sympathy; don't have mercy. Otherwise you will take on of their karma.

Your Prime Minister could not stop her going; it was more than he dare do, because he is being guided by the Hierarchies. She had to carry out her karma. And there are others who have received like justice. So don't blame anybody.

What you all want to do now is drive on and build up the Christos Light within yourself, so that you have the auric flame of the mind; drawing into your inner being the Galactical Fires of the Heights. That will be the 'rolling away of the stone' and helping you to reach up to the Heights. So remove the stone from your own cave, open it up, and send out to the Heights in aspiration.

Every man has to come to this, and it is the only way it is going to save the sodomitical states of the Earth. I told you we were going to solve the problem, but you had to give us time to carry it out. But remember, it has taken a heavy toll upon just a handful of people, particularly one or two.

Q. So all the old states are going to be brought out, and the New Teachings are going to take their place!

All the old states will be turned in.

Now YOU are going to create the New Teachings. That is what you have got to start, and that is what the Empirical Unfoldment means; everything a priori. Everything of the past is all turned in; there is nothing left. You are starting off now with a completely blank page, and you are all now going to start to create a New World; new ideas. Everything is changed; nothing of the past matters, and you will slowly see them fade away.

Q. It is rather peculiar that the legs should be the trouble with our Leader.

Could we look at the legs as being the connection between the root and the trunk, and that the sap must flow through those legs in connecting up the poles?

You are right to a degree, but the major thing is the sciatica nerves that come out of the sciatica notch, which is just by the kidneys: they are fed by the kidneys, by the adrenalin and the cortin, and they feed the legs right down to the knees.

Q. So the sciatica nerves are connected with the back in the sciatica notch, and that is at the kidneys. I believe that is rather a weak point with them.

That is quite true, and that is what they call the 'slipped disc'; the same old tale. Now when the 'fires' get dried up, through lack of adrenalin and cortin,—which of course can happen,—there is no fire to feed the sciatica nerve.

The Instrument has given out the whole of her Seed, which means she has no fire in her kidneys to feed those sciatica nerves. So what she now has to do is to receive the Super-Sonic Ray, which is going to fill her from the internal bodies.

So she has got to learn to feed herself through her internal bodies, as also must James (Averill) who is now finding himself in the same difficulties.

Q. Of course the Medical World would feed that nerve with electricity!

Yes, but we are opposing them. A big turn has been made by the fires that are being brought down, and we are going to prove to the Medical World that man is not fed by the physical body, and that he is being fed by the internal bodies.

Q. That would be the linking with the Heights; the linking through the etheric body!

This is one of the biggest tests that we now are being put to; to prove to the Medical

World that the Powers of the Heights can heal mankind.

Q. That is why it is so essential that everybody learns how to strengthen themselves with the Holy Waters.

That is why it is essential that every one here puts their shoulder to the Wheel and drives it as hard as they can.

Q. Would these Super-sonic Rays have any effect upon these Fires, Master?

They are these Fires, and they are very fierce: they don't stand on ceremony where man is concerned, and if you don't control them, they will drive you about like a cork on the waves.

Q. Then, would they be under the influence of Uranus?

They are Uranus, working on the Neptunian plane. You are not dealing now with the lower Fires. You are dealing now with Outer-Space planets: no longer is it to do with the planets of the Earth; it is all to do with Outer-Space planets. This is the Ultra-sonic: this is the Galactic Field, the Milky Way that man is now being fed from: he does not realise how well off he is.

Q. That would be the Solar Universe from the Heights!

Quite true.

Q. So it will cut the astrological right out!

Oh, they are cutting that right out for the moment; although do remember that according to how the soul has returned, it is working out its plan of destiny. Do remember that. I mean to say, that if you have got a bad square to Mars, you cannot alter the fact that you have got a bad temper, and that you still have to control it. So you don't have to under-estimate that.

Q. In other words, the soul has got its major aspects, and these it must fulfil!

Well, it is there with you, because you came back under it; and every soul, in coming back to the Earth will come

back under a stamp of some sort. He must do that, otherwise he will never know where he stands and what he has to master.

Q. These great planes in the Galactic System will help to adjust our key difficulties which show up in our chart!

You know that the Instrument is under the star of Regulus, The Bleeding Heart. Now is she not offering up the 'dish of blood' that the Christ can come into birth: the silver dish of Blood, that He, lying blank in the tomb, can be filled with her Blood, as her sufferings, that He can rise up to the Heights! Here you can see by some of your Occult Wisdom of the Glories that are now being put into operation.

Regulus is the star that brings into birth of the true understanding of LOVE. Now I am not talking about the Love that the majority of you know; but the Great Compassion. That is why there is the 'dish of blood'; the blood shed in the suffering.

The Glories of Humanity

AT the present moment there is a return of the Sothic Cycle, which brought to the Egyptians all their mighty wealth, a period that they had of different states of four years. You have a Sothic period on now, where you are drawing down Mighty Wealth, and you should make the most of it; it invariably only lasts four years at a time.

This is a Mighty Period, far more Mighty than you realise. This is a Period that is going to be remembered right through the next thirteen thousand years. It is going to be spoken of, it is going to be commemorated. No longer Armistice Day, but THE BIRTH OF THE CHRISTOS.

Mighty changes are on their way; you are going to see the whole of the old states drift away. You are going to see Combines fall to the ground;

you are going to see so-called rich men lose all they have got. You are going to see quite small individuals rise up and disclose genius, because genius is the order of the Day.

It was seen that the World would come down to a Zombie state, where there was nothing there at all. Well they will not be Zombies now, but they are going to come down to simplicity, and you are going to see all this fighting and rushing around, all this pleasure-bound creation, coming to an end. Man is going to come down to a simplicity as never known before.

Tonight you have all had a **Mighty Lesson** given to you. What you are going to do, and how you are going to build it up lies within your own hands. What we have established tonight you will have long to remember as time goes on; and

right through the Ages will it be remembered, for it is a Mighty Depth that now is your Wealth, and you are one of the first to receive it.

This will long be remembered, as time goes on, for what is going to be put into operation is now an Empirical Unfoldment.

PRAYER

WE seek, O Great Ones, that these children who are crying out for Life will learn the depths of this Lesson and will know what has been placed into rebirth, for it is going to be the means for all mankind to come out of the depths of darkness.

Those that are sick will be raised up; those that are dying, the lame and the crippled, will all be repaired. Even those

damaged by war will be helped. It is going to be a Dynamic Time of Reparation through these Mighty Rays that have been put into operation through the Unification brought about by Merope. For as She raised these Powers up to such Mighty Heights, She was the means of them coming into birth.

Powers that came into birth long before their time, which She had to weather, and which Man now can use as his adjustment of Life.

Universal Philosophy Lectures

THE INTRODUCTORY LECTURES help to awaken the investigator who has never delved into Occult or mystical works and give invaluable aid to bring a new mind attunement and vitality. They sow the seed in the seeker.

THE ELEMENTARY LECTURES take seven subjects to form a basis of man's task to befit himself in mind and body to study the main course of Ra-Men-Ra's Teachings.

THE EVOLUTION SERIES are seven in number. The five main series, illustrated through the unfoldment of History show how man has, within his own blood heritage, the treacheries and loyalties, the marvels and mysteries, the evils and good of his forefathers: his entangled mind web woven over the Ages. The 6th Evolution Series for the first time enter into the mysteries of man's ancient past, and his physical and spiritual make-up, teaching of ancient Egypt and their mysteries, of Alchemy and Mysticism. The Seventh series introduces man's relationship not only to Earth and its elements but to the Cosmic Resources, its Powers and Forces.

THE SECRET DOCTRINE comprises 12 Series, the 12th being The Lore of Astrology. The individual headings classify generally the subjects taken, but in all, the Thread of Universal understanding is maintained.

THE MYSTERY LEGENDS OF THE BIBLE magnificently reveal the human as well as the Cosmic unfoldment of Mankind, explaining especially of the gradual greater interpenetration of the Cosmic Powers into the Earth. Stage by stage it is shown how the human evolution came raised up from the animalism into which the Spirit had involved, and how as a result MIND became created, to eventually build into the establishment of the Christos Enlightenment. This series explains the growth of Cosmic Evolution through the Equinoctial Ages.

THE SAGA OF TIME traces how struggling animal humanity gradually responded to the interpenetration of the Cosmic Powers, and how in different Ages man reacted to the Fiery Intake. With great genius each stage of the psychological entanglements and roots is explained, to reveal the cause of the modern mental effects. They trace the past mistakes so that present humanity will know how to build the future.

Any of the above lectures can be had in part or by set from The School of Universal Philosophy & Healing 6 Phillimore Place, London, W.8., England. Any individual sample copies can be had on request. The years beside the Lecture titles were the years they were delivered.
